**FSV PAYMENT SYSTEMS NAMED IN HOUSTON BUSINESS JOURNAL'S
FAST TECH 50 FOR THIRD YEAR IN A ROW**

Outstanding revenue performance puts FSV in number nine position.

HOUSTON, Nov. 6, 2006 - FSV Payment Systems, a leading provider of stored value and prepaid card solutions, today announced that for the third year in a row it has been named to the Houston Business Journal's Fast Tech 50 list. FSV was selected for the list based on its percentage of year-to-year revenue growth from 2004 to 2005 and was ranked #9 overall.

The Fast Tech 50 Awards are presented to top Houston-based technology organizations that experienced the greatest percentage of revenue growth in 2005 over 2004. Over 300 technology businesses were nominated to be a part of this elite group.

"Our 2005 growth can be attributed to years of hard work leading up to 2005, plus the fact that the market for prepaid debit products and service is growing at better than thirty-five percent a year," said FSV Payment Systems President and CEO Jonathan Palmer. "FSV's product line positions us well for continued growth in the years to come."

About FSV Payment Systems
